Word has been received that the new through passenger train to be run by the S. P. company between Portland and San Francisco will be put on June 15. This service was to have been instituted about the middle of May, but on account of the floods and washouts in California about that time it was postponed a month. The train will leave Portland for the south about 12:30 p. m. daily, arriving in San Francisco about 9:30 p. m. the following day.

The P. E. & E. Railway company cars have come to the conclusion that a piano player would add to the attractiveness of the car, and have noted several corners in their rest rooms where one would fit in without much trouble. In order to secure the piano player, they referred to the Grand opera house and Ye Liberty theater, the boys are selling tickets and have offered two prizes among themselves for the ones who sell the greatest number of tickets. The first prize is a Hamilton gold watch, and the second a gold watch fob of artistic design. These prizes are now on display in the car barn.

There will be no story hour on Saturday during the summer, but the children are invited to make every Saturday their library day. The doors will, of course, not be open to them until 10 o'clock. Suit To Dissolve U. S. Steel Corporation To Be Carried to Supreme Court

Washington, June 4.—The government's suit to dissolve the United States Steel Corporation will undoubtedly be taken to the supreme court, Attorney General Gregory said today, following the cabinet meeting.

Shares Increase \$20,000,000. New York, June 4.—Shares of the United States Steel Corporation increased \$20,000,000 in value overnight, when steel common advanced as much as 4 5/8 points and sold at 64 in early trading on the New York stock exchange today.

Scenes rivaling those witnessed on the exchange during the boom of 1901, during which prices skyrocketed to new high levels, reflected Wall Street's jubilation over the victory of the steel corporation in the anti-trust suit brought by the government. The market opened in a delirium of excitement, following the decision announced at Trenton yesterday in which the petition to dissolve the corporation was denied.

Steel common and preferred, American Can, International Harvester and Cora Products, the latter three shares of corporations also involved in another trust proceeding led in the general advance. Union and Southern Pacific and other railroad issues followed. International Harvester jumped 16 points high while the excitement was at its height.

The market was again normal at noon as the buying capacity of the public was apparently spent, but all issues held a firm tone.

Rev. George H. Mitchell Closes Work In Dallas

(Capital Journal Special Service.) Dallas, Ore., June 4.—Rev. George H. Mitchell closed his pastorate of the Presbyterian church in this city with the service Sunday evening. On Monday, in company with Mrs. Mitchell, he left for Losmore, Cal., where he has accepted the charge of a Presbyterian church located there. Both Rev. and Mrs. Mitchell have made many warm friends while in Dallas and deeply regretted their departure from the city.

New Business Firm. M. L. Morris, local manager for the Helm Optical company, has completed arrangements for permanently locating in this city. The head office of the above company is in St. Louis, Mo., and Mr. Morris' brother in McMinnville is the manager of the Oregon branch. The new firm opened for business in the Uglow building on Mill street.

Band Practice Under Way. At the meeting of the city council Monday evening permission was granted the Dallas band for the use of the upper floor of the city hall building for practice purposes, and the room was placed in condition at the expense of the council. Under the leadership of G. W. Marsh, the newly organized band is making rapid progress. Practice is being held twice a week, and the boys are practicing at home. It is expected that the new organization will be ready for public appearance in a few weeks.

Commercial Club Meeting.

The regular meeting of the Dallas Commercial club was held Wednesday evening in the club rooms on Mill street. Several matters of importance were taken up and discussed, among which were several important road improvements. A communication from the head of the Y. M. C. A. was read relative to the establishing of an organization in Dallas. The proposition was taken up and discussed but no steps taken in regard to the matter.

High School Boy Is Hurt In Class Scrap

During a scrimmage this morning at the high school between the senior and junior classes over the possession of a pennant, William Dutton, 1890 South Cottage street, suffered the fracture of one of the small bones of the leg. Dr. H. J. Clements was called, who rushed the young man to his office for immediate treatment, later taking him to his home.

Late this afternoon the young man was reported to be resting easily.

The senior class hung a pennant on the telephone wire last evening. This morning the junior class secured possession of the pennant and in the general struggle following, young Dutton received his injury.

Great Northern Prepares To Shorten Schedule Time

The Great Northern Pacific S. S. company and the North Bank system are shortening up the schedule between Portland and San Francisco. The first move was made Monday when the steamer train leaving Portland was set back half an hour allowing for additional connections from the Oregon Electric railway from Willamette valley points and from S. P. and S. local points as far as Fullbridge, as well as the through train from Spokane and the East. The thirty minutes eliminated from the San Francisco schedule has been taken off the transfer time at Flavel. The steamship "Northern Pacific" has been making the run to the Golden Gate repeatedly in less than the schedule time of 26 hours, arriving and docking there between 2:30 and 3:00 o'clock p. m. Her schedule arriving time is 3:30 p. m. Twenty-four hours and thirty minutes from dock to dock is the record set by the "Northern Pacific." In railroad circles it is predicted the crew of the "Great Northern" will not be content until they lower that record when she resumes service. The "Great Northern's" first sailing from San Francisco, according to announcement of General Manager Jenks, will be June 30, arriving at Flavel July 1st leaving over until the 3rd and both ships will sail on the 3rd, establishing the tri-weekly service from both terminals on Tuesdays, Thursdays and Saturdays.
